St Albert Legion

Protocols for In-House Dart Leagues during COVID-19 in Stage 2

All attendees for in-house dart leagues, will sign their contact information in the “contact tracing” book and sanitize their hands upon entering. (Information held in office and will be destroyed each month)

Each league will designate a Single Point of Contact person to report any COVID-19 related issues to the Branch (Bar staff and office). Communication will go both ways.

Players who do not feel well or are concerned about their personal health should not attend darts nor enter the premises.

No member of any team can play if they have not completed 14 days of self-isolation if they have recently returned to Canada from travel outside the country.

Masks may be worn but not mandatory at this time. Legion Branches are governed by Royal Canadian Legion Provincial Command and are considered a private entity.

All players *must* use their own chalk and darts. No sharing of equipment.

The player marking the scoreboard will erase the board upon completion of games.

To reduce the potential risk of spreading COVID-19 it is highly recommended that there is limited contact amongst players i.e. No handshakes, hugs, high fives, fist bumps etc.

There should be no congregating or congestion behind or near the player throwing to allow for physical distancing.

The Branch welcomes the leagues support of our kitchen, however players wishing to enjoy meals should do so prior to the start of any dart activities. Food should not be shared outside of family cohort.

No bar line-ups are permitted, rather, table service will be provided.

Spares will be requested to gather in the Sports Lounge. If a spare is needed a captain will request a spare or spares to join a team in the Lounge playing area.

Spectators are not permitted in the Lounge area (playing area) at this time but spectators are most welcome in the Sports Lounge.

Any player not able to attend their designated dart night will contact their respective team captain, who in turn will contact the spares’ captain for replacement or utilize the “ghost”.

Hand sanitizer must be readily available to the players during league play.
